Summary

I am a skilled Laravel and React Developer with one and a half years of experience at Myanmar ICT Solutions Co Ltd, where I successfully contributed to the development of web applications. My background also includes experience as a service technician at Esco Life Science, an on-the-job training role as a Junior Web Developer at Lyrion Co Ltd, and a brief stint as a Web Development Teacher at MST University. I have honed my skills in frontend and backend development, troubleshooting, and training, making me a well-rounded professional in the field.

Skills Highlight

Front end - HTML, CSS, JavaScript, Bootstrap, jQuery, React Js, Next Js, Tailwind CSS, Inertia Js

Back end - PHP, Laravel, Code Igniter, Python, Node Js, Express Js, Next Js

Database - MySQL, Mongo DB, Mongo DB Atlas,

Cloud Platform – Digital Ocean, AWS, Google

Office Tools - Word, PowerPoint, Excel and Power BI

Operating System – Linux, Window, MacOS

Additional - Training and Consulting.
